JASON SVENNINGSSEN

February 4, 2024

Nominating Committee
West Parkland Gas Co-op Ltd.

RE: Director Nomination

Dear Chairperson,

I am pleased to apply for the Director position with West Parkland Gas Co-op Ltd. This position is a great match for my education, skills, experience, and interests, and I know that I would make a valuable addition to the Board.

As detailed in my resume, I have nearly thirty years of extensive work experience in the oil and gas industry and on a variety of projects, including those with sensitive and sometimes difficult situations. I have also worked with various regulatory bodies and municipalities throughout Western Canada. I have an excellent track record in supporting strategic initiatives that align with organizational objectives. Combined with my strong time management skills, excellent communication skills, and attention to detail, I know that I can provide the Board with a strong, supportive voice to effectively support your members.

I grew up East of Ponoka in a farming community where I lived for 27 years. Growing up on a farm provided me with a strong work ethic and an understanding of the importance of community. In 2002, I moved to the Parkland County area with my wife, where we chose to raise our family. Both of our children attended Blueberry School and then Memorial Composite High School in Stony Plain.

I continue to be actively involved in the community as a member of the Stony Plain Rotary Club, working on community projects that benefit the tri-municipal area. I have also had opportunities within the Rotary to be on our current executive board, and I have served as an Assistant District Governor for Rotary District 5370.

Please do not hesitate to reach out if you have any questions or require additional information. Thank you for your consideration.

Sincerely,

Jason Svenningsen
